

Hogwarts Homework – Summer Term 1 2018
It is our choices that show who we truly are, far more than our abilities.

English

Create your own hero inspired by myths we have studied. Draw a picture of your hero, give them a name and write a short character description about them.

Read a variety of books (in addition to your school reading book) and write a book review about it. (See Mrs Dempsey for a book review)

Choose ten words from the Year 3/4 Spelling List and practise them using Pyramid Writing.

Science

- Draw a mouth (or create a model of one!) and label the different teeth.
- Create a poster of different habitats of creatures in the local environment.
- Go on a mini-beast hunt – what did you find?

Home Learning

We have been hugely impressed with the amount and quality of homework being completed over the last few half terms by pupils. Over the next six weeks, you must complete at least one of the English and Maths activities, and also choose any of the others to complete. As we are giving you a lot of time to complete this homework, we expect good quality work. All activities will also be covered in school at some point over the half term. We will be holding a home learning sharing session in school on **Thursday 24th May**, so all homework must be handed in by that Wednesday – As always, feel free to be as creative as you like!

**What is a coast?
 Who were the Anglo-Saxons?**

PSHCE

Keep a diary about your daily life and your feelings. Think about what makes you happy and safe each day but also what makes you feel anxious or uncomfortable and how you dealt with this. This can be a short or long term project.

Maths

- Choose a multiplication table that you have not yet learnt. Write it down and practise – don't forget the corresponding division facts.
- Use the table below to solve the money word problems:

Item	Price
Catapult	£5.35
Water Bomb	99p
Match Cards	£3.55
Bouncy Ball	85p
Slime	69p
Pens	£3.48
Glue	67p

I bought a catapult, 2 waterbombs and a bouncy ball. How much did I spend?
 If I had £12.00, which items could I buy that came to £12.00 or slightly less?
 I bought 7 balls. I had £8.00. Was this enough? If so how much change/more did I need?

P.E.

- Keep a food diary to ensure your diet includes elements of the 5 main food groups.
- Help to prepare a healthy meal at home.

Creative curriculum

History

- Create an Anglo-Saxon shield.
- Research Anglo-Saxon artefacts and what they were used for.

Geography

Create a weekly weather diary complete with a key.

Design and Technology

Research the life cycle of a tomato plant. Create a flowchart or poster to show the process.

Art

Experiment with different marbling techniques. Ask Miss Duckworth for instructions.
