

BFGs Topic Web- Autumn 2nd Term 2016

Aim Big to be Big!

English

Classic Fiction

This half term, we will be reading the classic 'The Wizard of Oz' and comparing it to new classics and also alternative versions. We will then be using the same style and language to write a new chapter for the book using our own character.

Poetry - Songs and Lyrics

We will be reading the lyrics of and listening to a variety of classic songs, before then writing our own verses of a classic song by Louis Armstrong.

Persuasion - A formal Review

After watching a show, we will write a formal review to publish and persuade people to watch.

PSHCE

Our class are studying human rights, which involves ensuring that children have an understanding of their own human rights and associated responsibilities.

Maths

Division

We will be learning how to share, group and divide numbers and using the skills we learn to solve problems.

Fractions, Percentages, Ratios and Proportion

Compare, order, add and subtract fractions as well as finding the equivalences with decimals and percentages.

Measurement

Finding and calculating measurements of various shapes and angles, including: Perimeter, Mass, Area and Volume.

Britten's Got Talent

Science

Our class are investigating how light travels and the scientific explanation of how we see things. We will also be finding out about the human eye, labelling and identifying the different parts of the eyeball and finding out what each part is used for.

We will be investigating how light behaves in respect to creating shadows, and how they change through the day.

Computing

Using 'Audacity' software to record music.

Physical Education

Hockey

Learning sending and receiving skills using a hockey stick.

High 5

Throwing, catching and aiming skills.

RE/PSHE

Christianity - Christmas Story

French

Numbers

Creative Curriculum

Music

Year 6 will be studying and comparing the work of 'Benjamin Britten - the classic composer, with artists that are popular today. We will spend time listening and reflecting on various operatic pieces of music, as well as creating our own, using instruments that we can name and identify.

Art

We will study the work of artist 'Kandinsky' who used music to help him develop his art work.
