Contextual Data

Vulnerability- requiring family support

(vulnerability links to any child that falls into the following categories)

- CLA
- Children subject to Child Protection Plan
- CIN
- Children who are subject to Special Guardianship Order
- Children with SEND
- Children with mental health difficulties
- Children with Physical Health Issues
- Children in absolute poverty
- Young carers
- Children in troubled families
- Children whose parents are/have history of substance misuse
- Children whose parents have limited parental capacity
- Children who have had one or more fixed term exclusions
- Children involved with the police
- Children who have experienced childhood trauma/abuse
- Children in insecure/unstable housing

	All Pupils						
	R	Y1	Y2	Y3	Y4	Y5	Y6

3. DATA from 2016/17

- EYFS results- Reading, Writing and Maths- lower than National. Baseline was extremely low on entry for 2016/17, although accelerated progress made, still lower than National. Ensure progress continues to accelerate
- % FSM in 2016/17, 61% for school compared to a national level of 24%
- All classes have more than 50% eligible for FSM, with Y2, Y5 and Y6 having more than 70%
- Year 4 were performing less well in Reading when compared to other year groups.
- Increasing number of children joining the school that are EAL or New to English. Since 2014/15, this has increased by 6%
- Only class with no EAL children- Y5
- % SEN children, double/almost double National in Y1, Y3 and Y5
- Progress of PP children in Y2 in R, W and M was not as high as PP in other years and when compared to non-PP children
- Progress of PP children in Y3 and Y5 in Maths lower in comparison to PP children in other year groups
- Attendance of PP children lower when compared to non-PP children in all years except R and Y5. A similar picture for PP boys as well
- Attendance of PP girls lower when compared to non-PP girls in all years except Y5 and Y6
- PP Boys v PP Girls. Boys attendance better than girls in R, Y4, Y5 and Y6. Girls better in Y1, Y2 and Y3
- Unauthorised attendance below National (0.9) for PP boys in Y3 and PP girls in Y5
- In terms of vulnerability, highest levels seen in Y2, Y4 and Y5

In-school barriers		
A.	Communication and Language skills on entry- Children entering school have very limited vocabulary, this means that children are coming in at lower starting points year on year	
B.	The number of children achieving greater depth standard at KS1 and KS2, below national in Reading, Writing and Maths	
C.	Attendance of PP children in some years lower than National	
D.	Outcomes for PP children in maths-focus on developing maths vocabulary and reasoning skills	
E.	Increasing number of EAL children arriving with limited English.	
External barriers		
F.	Lack of parental engagement due to lack of understanding, poor literacy and numeracy skills themselves and language barriers. Parents unable to support children in their learning and reluctant to come into school.	
G.	High benefit uptake (61% children FSM), Deprivation (school in the top 20%) low aspiration, poverty and low-income families	
H.	Mental health issues, alcohol abuse and DV leading to anti-social behaviour. Parents oversharing difficulties with children	
I.	Limited life experiences when children join school	
J.	High levels of mobility across school	
4. Desired outcomes		
	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
A.	Improve communication and language skills at EYFS and build on this across the other year groups, through identification and timely intervention. Use of Talk boost as a programme to develop this.	<ul style="list-style-type: none"> EYFS children make accelerated progress from significantly low starting points Talk boost results will show an increase in language acquisition and vocabulary development
B.	Deepen children's understanding and further challenge the more able learners across school in Reading, Writing and Maths to improve the number of children attaining GDS	<ul style="list-style-type: none"> % of children reaching GDS at the end of KS1 and KS2 increases- this the case for PP children Children develop a love of reading through the accelerated reader programme and as a result school sees reading growth from starting points School moves closer to National for Maths than previous year
C.	Attendance rates for PP children improves to above 96% across school	<ul style="list-style-type: none"> Attendance for individual classes improves from previous years, so that overall this is 96% for PP children Individual PP children- attendance shows improvements term on term Case studies evidence support package/strategies for PA/struggling PP children

D.	Improve outcomes for all, especially PP children in Maths, with a focus on developing reasoning skills	<ul style="list-style-type: none"> • Greater rates of progress seen in Maths and gap between PP children and others nationally will start to diminish. • Skills in reasoning improve due to the teachers using the CPA approach • Monitoring reveals that children are embedding and able to apply skills learnt
E.	Better integration and support for EAL children that are new to English	<ul style="list-style-type: none"> • EAL baseline assessments are carried out quickly and a EAL support package put in place • EAL children continue to settle quickly into school with the help from a 'buddy' system • Improvements seen in English proficiency from the starting points using the NASSEA framework
G	Families readily access support services within school and any outside agency support- directed through the Family Support Manager	<ul style="list-style-type: none"> • Families see school as first port of call when in need • Families see school as a trusted support mechanism • Higher uptake of families attending formal and informal events/sessions within and outside of school. • Positive feedback from family events
H	High awareness of Mental Health and Wellbeing for pupils and their families and swift intervention as required	<ul style="list-style-type: none"> • Increased understanding amongst staff on how children with issues around mental health and wellbeing are identified and what strategies are put in place • Increased staff awareness about the widespread nature of mental health problems in children • Increased levels of engagement with parents/carers and families, through the pastoral team • School effectively evidences positive mental health through a portfolio • Staff/children can openly talk about how they are doing and what might be impacting on their mental well being • Positive relationships are developed as evidenced by interviews/questionnaires
I	Provide children with enrichment events to enhance their life experiences	<ul style="list-style-type: none"> • Increase the levels of interest amongst children • Increase levels of fascination and awe • Develop personal interests, hobbies, passions and abilities • Provide deeper understanding amongst children • To enable further opportunities to have experiences otherwise not available to them and their families
J	To ensure class sizes is at full capacity with little in term mobility	<ul style="list-style-type: none"> • Positive marketing/rebranding of the school

	<ul style="list-style-type: none"> • School becomes much more visible in the community • Attendance at community ventures • Ensure that families are supported positively to ensure they access adequate housing with registered landlords • Springboard 2016/17 to new houses, local nurseries, library engages community
--	--

5. Planned expenditure

Academic year	2017/18
----------------------	----------------

The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.

i. Quality of teaching for all

Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?																								
Improve communication and language skills at EYFS and build on this across the other year groups, through identification and timely intervention	<ul style="list-style-type: none"> • Further training for new staff - Talk Boost- (£500) • Principles from training to be used by staff to improve speech, communication and language at EYFS, KS1 and KS2 as part of an intervention (£8000) • Continued focus on vocabulary within lessons and learning environments through Never 	Children coming into school with significant issues around SLCN. Baselines considerably low on entry. Limited opportunities around talking and communication at home. Over reliance on electronic forms of entertainment	<ul style="list-style-type: none"> • Talk boost programme delivered for key children • Screening using Wellcomm and use of actions from the programme • Support from specialist advice- Bridge therapy/SALT • Provide greater opportunities for speaking and listening 	EM KM	Termly <u>Autumn term evaluation 2017</u> Autumn term 1 2017 <table border="1"> <thead> <tr> <th>Reception</th> <th>At+</th> <th>Above</th> </tr> </thead> <tbody> <tr> <td>Listening and Attention</td> <td>3.3%</td> <td>3.3%</td> </tr> <tr> <td>Understanding</td> <td>0%</td> <td>0%</td> </tr> <tr> <td>Speaking</td> <td>3.3%</td> <td>3.3%</td> </tr> </tbody> </table> Autumn term 2 2017 <table border="1"> <thead> <tr> <th>Reception</th> <th>At+</th> <th>Above</th> </tr> </thead> <tbody> <tr> <td>Listening and Attention</td> <td>50.0%</td> <td>26.7%</td> </tr> <tr> <td>Understanding</td> <td>56.7%</td> <td>36.7%</td> </tr> <tr> <td>Speaking</td> <td>53.3%</td> <td>33.3%</td> </tr> </tbody> </table>	Reception	At+	Above	Listening and Attention	3.3%	3.3%	Understanding	0%	0%	Speaking	3.3%	3.3%	Reception	At+	Above	Listening and Attention	50.0%	26.7%	Understanding	56.7%	36.7%	Speaking	53.3%	33.3%

AB along with other members of staff (AP and JM), attended a Mental Health and Wellbeing conference at Turf Moor. Within this conference the staff were given various, different materials for supporting the school. One of these was a Mental Health Policy that could be and was adapted to meet the demands of our school.</p> <p>AB applied for an award called the ‘Wellbeing Award for Schools (WAS)’. This award would offer school support in ensuring the school follows a whole school approach for supporting every pupil and member of staff with their mental health. As part of this award school has elected a ‘Change Team’.</p> <p>The change team includes;</p> <ul style="list-style-type: none"> • The pastoral team within school • LP (governor) • BFCitC • A pupil • A parent • A teaching member of staff • Potentially a local doctor <p>On 07/03/18 Luke Ambler from Andy’s Man Club and Success School (also an ambassador for suicide prevention) came into school to work with years 4, 5 and 6 to deliver workshops. These workshops catered and raised awareness of mental health and promoted resilience. The workshops were well received. Because of this the children have become much better at talking about their feelings both positive and negative</p> <p>The #BeYou project for school has been booked for children across school which will start in April 2018. The #BeYou Primary School Project consists of 3 sessions to the project which are; Brainchild, Mind Trekkers and Talkaway.</p>
---------------------------------	---	--	--	--	---

	<ul style="list-style-type: none"> • Through the pastoral team, programmes are developed and delivered that help pupils cope with predictable life changes and transitions • Pastoral programmes are delivered for parents and children that focus on social and emotional development • Set up fundraising events for mental health charities • Provide supervision for staff • Ensure all stakeholders receive up to date information around mental health and well being • Make use of the CAMHS type outside service as a clear pathway of getting early support around mental health • Plan and deliver programmes for 		<p>widespread nature of mental health problems in children</p> <ul style="list-style-type: none"> • Increased levels of engagement with parents/carers and families, through the pastoral team • All staff can spot a developing problem effectively • School effectively evidences positive mental health through a portfolio • Staff/children can openly talk about how they are doing and what might be impacting on their mental well being • Positive relationships are developed as evidenced by 	<p>Summer term evaluation 2018</p> <p>Mr Brown's Boys club continued to run with children from Y5 and Y6 #BeYou [project days 2 and 3 took place- these had a positive impact on the children Mental Health and Wellbeing Change Team met to decide on an action plan and way forward for the coming year.</p>
