

Marvels Topic Web- Spring Term 2019

Little Marvels Love to Learn!

English

We will start by learning all about non-chronological reports and create our own all about penguins. In English, we will be reading a selection of Traditional Tales. The children will be making predictions, discussing the main characters and main events as well as giving opinions. They will work towards writing their own traditional tale with innovation of characters and setting.

Science

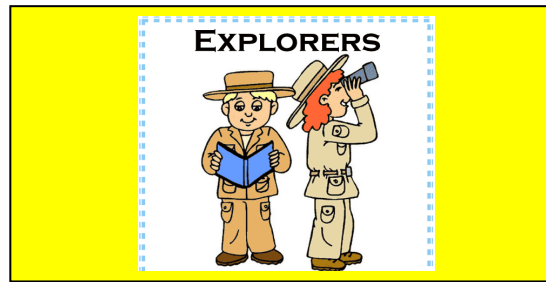

In Science, we will be learning about everyday materials. We will do lots of investigations and look at a variety of different objects and try and work out what material they are made from.

Music

In Music, the children will be using their voices expressively - singing songs, speaking chants and rhymes.

PSHCE

We will be learning all about how to keep safe. We will think about internet safety as well as keeping safe when we are out and about.

Physical Education

The children will do gymnastics and dance this half term.

RE/PSHE

In RE, the children will be studying Judaism.

DT

The children will be entering an Engineering competition where they will be designing a brand-new product.

Maths

The children will study the following areas:

- Place Value
- Addition and Subtraction
- Time

The aim is for the children to embed what they have already learned and start to use bigger numbers. They will also use practical equipment, pictorial representations and number lines. We will practise addition and subtraction with bigger numbers as well as learning about time.

Creative Curriculum

Geography

The children are going to be learning about weather in this country and all over the world.

History

We will continue with our topic about explorers. Neil Armstrong is one of the explorers we will be learning about.

Art

The children will be learning how to create self-portraits. They will start with pencil and then move onto charcoal and water colour paint.
