

Fantastic Foxes Topic Web- Summer Term 2019

Learn and Be Happy!

English

In English, we are learning about Fairy Tales. Which is your favourite Fairy tale and why? Can you write your version of a fairy tale? Remember to use interesting adjectives, different sentence starters and different sentence types for example: question sentences, exclamation sentences, commands.

Science:

In Science

We are learning about different animals and their habitats. Which animal is your favourite animal and why? Can you write a fact file about your animal?

Design Tech

Can you make a habitat for your chosen animal? Think about the animal, what they like to do, what they would need in their habitat.

Art

Draw/paint anything that you think represents your time in Year 2!

Maths

In Maths we will be learning about different ways to represent data: tally chart, pictogram, bar charts etc. Can you find out which farm animal is popular within your family and friends (ask at least 10 people) and then represent the information either by tally chart, bar graph or a pictogram. We will also be giving out weekly homework to embed the 4 different calculations.

Seaside

Home Learning

Over the next term, you must complete English and Maths activity, and also choose at least 3 other activities to complete. As we are giving you a lot of time to complete this homework, we expect good quality work. We will be holding a home learning sharing session in school, following the half term heroes assembly on Friday 19th July, so all homework must be handed in by that week - feel free to be as creative as you can - We can't wait to see what you produce! Enjoy ☺

Geography:

We will be learning about why we like to go to the seaside. What is your favourite memory of a trip to the seaside? Draw or write about it.

History We are looking at the city of 'Pompeii'. Can you draw/make/create a volcano? Look at the world map, can you locate where Pompeii is?

Computing: Using Purple Mash, use 2Create to write a story about the seaside.
