

Hogwarts Topic Web - Summer Term 2019

It's our choices that show who we truly are, far more than our abilities.

English

Our English this term links with our history topic of the Vikings. This will give us opportunities to explore a range of fiction and non-fiction texts. We will still be using our format of reading, gathering content, writing and editing.

This topic will give children the opportunities to read about Viking myths and folklore, learn new vocabulary linked to the Viking's fierce battles and write their own reports and stories linked to Vikings.

Science

During the first half term, we will be learning about living things and their habitats, this will give us a chance to sort animals into different categories.

Before Summer, we will switch our focus towards states of matter and the children will have the opportunity to investigate how some substances can change from a solid, liquid or gas.

Computing

Looking at e-mail, including its uses and dangers for people all over the world.

PSHCE

Thinking about how to maintain healthy relationships with friends and family.

Vikings

RE

Sikhism and Islam

Music

Looking at different music styles and assessing music using appropriate language.

Spanish

Animals and our interests

Maths

Having previously looked at fractions and decimals, we will be moving on to applying our understanding and learning about money.

Following this we will quickly look at solving problems linked with time and statistics before finally learning about shapes and their properties.

Physical Education

Striking and fielding games and athletics.

Geography

Why are jungles so wet and deserts so dry?

Art

Marbling

Design Technology

We will research, plan, design and create a healthy treat.
