Free School Meals from September for R; Y1 & Y2

All the children in Reception, Y1 & Y2, will be entitled to a government funded free school meal as they have been this academic year. However, it is very important that we distinguish whether or not your child/ren are already eligible for free school meals due to your home circumstances/work pattern etc. so we don't miss out on any funding for school.

If you think you should be having free school meals, you can apply using the online form available on the Springfield website under parent Zone/Free School Meal Application
