03 September 2026

Dear Parents/Carers,

At Springfield, we are always looking for meaningful ways to celebrate our children's successes and strengthen the connection between home and school. With this in mind, we are excited to introduce Springfield Showcase, which will replace our weekly certificates from this term.

Springfield Showcase will provide a richer and more inclusive way of celebrating the wonderful achievements that take place in our classrooms every week. Rather than recognising a small number of children through certificates, the Showcase will allow us to highlight a wider range of proud moments, achievements and learning experiences across every class.

Each week, the Showcase may include:

- Photographs of learning and achievements
- Children's quotes and captions that capture their thoughts and reflections
- Examples of work and classroom successes
- Short video clips where appropriate

This approach aligns with our school's relational practice, which is firmly grounded in research and neuroscience. Research shows that children thrive when they feel seen, valued and connected. By celebrating learning experiences and personal achievements in a more visible and inclusive way, we can recognise many more children and create opportunities to share the joy of learning with our school community.

The Springfield Showcase will be shared with families through our Facebook page and Studybugs, ensuring you can regularly see and celebrate the fantastic things happening in school.

We believe this new approach will provide a more authentic reflection of our children's learning journeys and allow us to share many more proud moments with you throughout the year.

Thank you for your continued support as we introduce this exciting new way of celebrating our children's successes.

Yours sincerely,
Mrs S. Staples
